

# ORIGINAL REINFORCED CAST ACRYLIC BATH CROSS-SECTION

## Sanitaryware Grade Cast Acrylic Sheet (4mm thick)

- Homogenous, non-porous – won't stain or discolour
- Durable, smooth and warm to the touch
- Non slip surface

## Fiberglass and Polyester Backing Resin

- For bonding and opaqueness

## Cast Calcium Limestone Mineral resin mixture (between 16 – 18mm thick)

- For strength, rigidity and weight

## Unsaturated Polyester Epoxy and non-toxic paint finish

- Creates a beautiful exterior, either gloss or matte
- Scratch resistant and easy to clean
