The One Hundred Collection

The One Hundred Collection represents Samuel Heath's interpretation of the very best of British design.

Britain has a long-standing reputation for fine products and luxury experiences. You need only observe the classic lines of luxury British sports cars, the impeccable attention to detail of a Savile Row suit or the effortlessly sophisticated service of an esteemed Mayfair hotel to understand how iconic British brands are created.

With One Hundred Samuel Heath sought to express their own interpretation of timeless British design in two stylistically different yet thematically similar collections. There is an opulence that revels in the grandeur and tactile delight that comes from combining exquisite materials with traditional British craftsmanship. At the same time Samuel Heath have created an understated style and sleek sophistication that has become synonymous with contemporary British design. The two are united in their goal to celebrate the best of British design whilst adding luxury and style to the everyday.

Please be aware that Samuel Heath products are by special order only and non-returnable. We recommend visiting one of our showrooms to view selected samples and finishes before placing your order, after which a lead time will occur.

Please note that with any special finish, regular cleaning will maintain the finish otherwise it will develop its own natural patina with its own individual character over time. Due to the variations in raw material composition, there will always be a degree of natural variation in the shade between different components.

Tap Head Options

Please note that the taps in the One Hundred Collection are available in a wing lever, luxe lever, roundel, clear crystal roundel and a black crystal roundel:

The price is identical regardless of tap selection.

Wing Lever

Luxe Lever

Roundel

Clear Crystal Roundel

Black Crystal Roundel

Special Finishes

The One Hundred Collection of products are available in the following finishes:

The special finish options for The One Hundred Collection are priced according to category bands. Band A is calculated at 15% on top of the chrome value. Band B is 25%, Band C is 35% and Band D is 45%. These price increases are due to the expenses incurred in refinishing the product into the special bespoke finishes.
